

DIY Pottery Painting Kit FAQs

What are Pots2Go's DIY Pottery Painting Kits?

If you would prefer not to paint inside the shop, but don't want to miss out, then our home pottery painting kits to borrow are the solution! Our DIY kits have been especially popular during the various lockdowns of 2020/21. Pots2Go DIY Pottery Painting Kits contain everything you would normally have available to you if you were painting in our studio, and are free to borrow when purchasing pottery (minimum spend of £20) to paint from our extensive range. Each kit consists of all 27 colours of paint, with tile to show you how the colours look after glazing and firing, brushes, water pot, paint writer pen, sponge, felt tips, list of contents and full instructions.

How do I order a DIY kit, and how do I know what pottery I can order?

You can find 29 photos of all our pottery to choose from [here](#) and let us know what you're interested in (using photo number, item number). The easiest way to get in touch is to send us an email (info@pots2go.co.uk), fill out our website's [contact form](#), or message us on [Facebook/Instagram](#) to ask about a kit whilst expressing what you might be interested in. You may also ring the shop during our opening hours. We are very happy to answer questions about the pricing of items of pottery via email/message. It's as simple as that!

When are DIY kits available to hire? How do I receive my kit? And when do you need the kit and pottery to be returned?

Our DIY kits are available to hire on **Tuesdays, Thursdays** and **Saturdays**. If you have a specific request, do get in touch and we might be able to accommodate your request. We can provide a delivery service for our DIY kits of Saturdays (delivery around midday – free delivery within Harrogate and Knaresborough, after this there is a slight additional delivery cost), but otherwise, kits must be collected from the shop within our opening hours. Kits are hired out for 2/3 days. We are no longer able to provide a collection service due to the shop being open, and therefore kits and pottery must be returned to the shop during our opening hours.

How it works:

DIY Kit Hire - Collection Day	DIY Kit Hire - Return Day
Tuesday (10am – 4pm)	Thursday (10am – 4pm)
Thursday (10am – 4pm)	Saturday (10am – 5pm)
Saturday (10am – 5pm)	Tuesday (10am – 4pm)

How many kits do you have available?

Now that the shop is able to be open for in-studio painters, we have limited full DIY kits available, particularly over the weekend, so we suggest planning ahead and making an enquiry about availability before choosing the specific pottery you would like to do, just in case we don't have kits available, and to avoid any disappointment!
